

DCN-DISDCS Discussion Unit with Dual Channel Selector

- ▶ Low susceptibility to mobile phones
- ▶ Compact, attractive and ergonomic design
- ▶ Pluggable microphone
- ▶ Two channel selectors with number and abbreviated channel name
- ▶ Built-in loudspeaker
- ▶ Headphone output level reduction to prevent acoustic feedback (active when listening to the floor and when the microphone is on) *
- ▶ Usable as delegate unit, dual delegate unit, chairman unit or single delegate unit with auxiliary button

The Discussion Unit with Dual Channel Selectors enables participants to speak, register a request-to-speak and listen to the speaker. A socket is provided to connect a pluggable microphone. The unit has two built-in channel selectors with headphone connections with individual volume controls on either side of the unit, allowing one unit to serve two delegates. The channel selectors make it suitable for discussions in which more than one language is used and simultaneous interpretations are available. Each of the channel selectors includes up and down channel select keys and a display showing the number and the abbreviation of the channel name, enabling rapid selection of the required language channel.

The unit can be a full dual use unit by replacing the microphone button with two separated microphone buttons for individual microphone control and individual delegate identification (DCN-DISBDD dual use buttons, to be ordered separately). The built-in loudspeaker is muted when the microphone is on to prevent acoustic feedback.

Two lengths of microphones are available (DCN-MICS and DCN-MICL, to be ordered separately).

Different colored rims are available to allow matching with the interior, (DCN-DISR, to be ordered separately). The unit can be used as a single delegate unit, as a dual delegate unit, as a chairman unit (DCN-DISBCM chairman buttons, to be ordered separately) or as a

single delegate unit with an auxiliary button. The versatile auxiliary button can be used as an usher call, for example. To lock the loop-through cable, a cable clamp is available (DCN-DISCLM, to be ordered separately).

The unit is available in light- and dark-colored bases.

Functions

Controls and Indicators

- Two alphanumeric displays for language channel selection with number and abbreviated channel name
- Microphone button with a red, green or yellow illuminated ring. Red indicates microphone is active, green indicates request-to-speak accepted, and yellow indicates 'VIP'. *
- VIP indicator is lit when the delegate is part of the notebook (only available if PC Software is used)
- Two individual headphone volume control buttons
- Recessed 'De-init' switch

Interconnections

- Socket for pluggable microphone
- Two 3.5 mm headphones sockets (0.14 in) stereo jack type
- 2 m (78.7 in) cable terminated within a molded six-pole circular connector.

- Six-pole circular connector for loop-through connections

* When unit is used in Dual Delegate mode, this function is available individually.

Technical Specifications

Electrical

Frequency response	30 Hz - 20 kHz
Headphone load impedance	> 32 ohm < 1k ohm
Output power	2 x 15 mW/32 ohm

Mechanical

Mounting	Tabletop (portable or fixed mounting) and flush mounting
Dimensions (H x W x D)	(without microphone)
Tabletop	61 x 190 x 116 mm (2.4 x 7.5 x 4.6 in)
Flush mounted	6 x 190 x 120 mm (0.2 x 7.5 x 4.7 in)
Weight	800 g (1.76 lb)
Color top	Silver (RAL 9022)
Color base	
DCN-DISDCS-L	Light Grey (RAL 000 7500)
DCN-DISDCS-D	Charcoal (PH 10736)
